

Dear Parents/ Carers of Year 1

In order to ensure that learning is continued, the following plan will guide you through how to access remote learning for Year 1.

All remote learning will be shared via **Tapestry**. You access this through googling Tapestry Learning Journal (or downloading the app), and signing in using your credentials. You **must** log in to Tapestry **every** day.

Day	Session 1	Session 2	Session 3	Session 4	Session 5	Session 6
Monday	Phonics	Reading	Literacy	Maths	Science and Wider Curriculum	Story
Tuesday	Phonics	Reading	Literacy	Maths	Science and Wider Curriculum	Story
Wednesday	Phonics	Reading	Literacy	Maths	Science and Wider Curriculum	Story
Thursday	Phonics	Reading	Literacy	Maths	Science and Wider Curriculum	Story
Friday	Phonics	Reading	Literacy	Maths	Science and Wider Curriculum	Story
Every day	Read for at least 15 minutes on Bug Club Upload your day's learning to Tapestry					

If you have spare time after completing the set activities, play maths games on Mathletics and practise phonics using Phonics play.

**Finding the remote learning each day.**

Once signed into Tapestry, scroll down through the observations to find the correct day.

Click on the observation to open it. Click on the links to take you to the remote learning.

Work through the activities at your own pace and in any order.

Please upload your photographs and videos of any completed work to Tapestry.

How to upload an observation to Tapestry guide:

## Tapestry For Parents iOS Tutorial

### Downloading the Tapestry Application

Install Tapestry from the Apple App Store or iTunes. It can be found here:

<https://itunes.apple.com/gb/app/tapestry-mobile-online-learning/id583394125?mt=8>

or by searching for 'eyfs tapestry' in the store or iTunes.

### Login Information

In order to use Tapestry, your setting will have to register a user account for you on their system.

**Your username:** This will be the email address that your setting has registered you with (can be changed later)

**Your password\*:**

**PIN:** please set a unique PIN when you log into Tapestry for the first time. this will be required whenever you return to the application from another app or after the screen has locked.

\*please change your password to something unique and secure when you log in to Tapestry for the first time.

### Starting Tapestry for the First Time

You will be presented with a login screen. Enter the email address and password that you were registered with.

You will be prompted to create a 4 digit pin number. This will be required to get back into tapestry whenever the application times out, e.g. when you swap to other apps or lock the screen.

### The Home Screen

Logout/Setting

Search

Add an Observation

List of observations

### The Settings Screen

Opt in/out of email notifications when observation is posted

Change registered e-mail address

Change password

Change PIN

### Viewing Observations

To view the details of an observation, tap on one of the observations in the list on the home page. You can scroll up and down to view all of the content, then tap on the "Back" button in the header bar to return to the home screen.

### Adding an Observation

Click on the **+** in the header bar to add an observation.

You can start an observation by taking a picture or some video by tapping on the camera icon, or you can select a child or children and then add content.

#### Adding Child/Children to an Observation

Tap on the person icon in the orange menu bar, then tap on any children you wish to include in the current observation. The total number of selected children will be displayed.

#### Adding a Title and Content to the Observation

Tap on the pencil icon in the orange menu bar, then tap on the title and observation areas to enter content.

#### Adding Media to an Observation

Tap on the camera icon in the orange menu bar. You then have the option of taking a picture/video, or selecting some media from your device's gallery. Once you have taken or selected your media, you will be returned to the observation screen.

**Note:** You will need to create a title and select a child if you are uploading media without any descriptive text.

When you are ready to submit your observation, tap on Save -> Publish, and you will receive a confirmation notification once it has been uploaded to the learning journal.
